Summary

Cybersecurity graduate with Security+ and GFACT certifications and hands-on experience in Active Directory auditing, Windows/Linux hardening, PowerShell automation, Microsoft 365 security reviews, and competitive cyber defense. Skilled in firewall configuration, virtualization, and practical security administration, with ongoing homelab experience supporting network, server, and infrastructure projects.

Skills

- ❖ Languages: PowerShell, Bash, C#, Nix, HCL (Terraform), YAML (Ansible), C++ (Arduino)
- ❖ Systems: Windows Server (Active Directory, DNS, DHCP, IIS Web/FTP), Linux (primarily NixOS, Ubuntu Server), hypervisors (primarily Proxmox VE), Raspberry Pi, Arduino
- ❖ Networking/Security: Palo Alto PAN-OS, Cisco FTD, pfSense, OPNsense, VyOS, Splunk, Security Onion, Cisco switches/routers
- ❖ Tools/Standards: Git, NIST SP 800-53, CIS Benchmarks

Professional Experience

Langley Data & Cyber Defense - Cybersecurity Contractor (Client Consulting)

February 2025 - Present, Remote

- ❖ Audit hybrid and on-premises Active Directory environments across multiple client environments to identify misconfigurations, security weaknesses, and hardening opportunities
- ❖ Develop PowerShell tooling for asset inventory, log parsing, and Windows hardening across client environments; supported migration of tooling into C#
- ❖ Deploy and maintain a production CRM application in AWS
- ❖ Manage DNS records and proxy configurations with Cloudflare

Scout & Scholar Brewing Co. - Line Cook

September 2021 - January 2026, Bardstown, KY

- ❖ Seasonal employment during school breaks; worked in a fast-paced kitchen environment

Education

Eastern Kentucky University - Richmond, KY

- ❖ Bachelor of Science, Digital Forensics & Cybersecurity, May 2026
 - Operating Systems, Data Recovery, Incident Response, Compliance
- ❖ Minor in Computer Electronics Technology
 - Electricity and Electronics, Hardware Networking and Security
- ❖ Magna Cum Laude

Leadership & Technical Experience

EKU Collegiate Cyber Defense Competition (CCDC) Team Member

August 2022 - May 2026

- ❖ Helped administer and harden simulated enterprise environments containing Active Directory, web, mail, DNS, and DHCP services across Windows, Ubuntu, and Fedora systems
- ❖ Developed PowerShell scripts for Windows hardening and automation
- ❖ Configured Palo Alto and Cisco FTD firewalls and VyOS routers on Proxmox VE infrastructure
- ❖ Built Terraform and Ansible workflows to replicate competition environments on Proxmox
- ❖ Placed 1st in Kentucky and 3rd overall in the 2025 MWCCDC regional qualifier

EKU Club Archery Member - Vice President

August 2022 - May 2026

- ❖ Managed club paperwork, waivers, and practice operations
- ❖ Built an online interest form and a PowerShell script to add respondents to an Exchange distribution group

Certifications

GIAC Foundational Cybersecurity Technologies (GFACT) | Sept 2022 - Sept 2026

CompTIA Security+ | June 2026 - June 2029
